

# The Silver Tsunami – Supporting Ohio’s Aging Drivers

**TZD**  
Safety Network

Fall 2017 Meetings | Oct. 31, Nov. 1-2

Join us for a presentation by  
**Elin Schold Davis**  
American Occupational Therapy Association

**ADMISSION IS FREE**

## People age 65+ are the fastest-growing segment of drivers.

National projections indicate 25% of all drivers will be 65+ by 2025. In Ohio, the number of older drivers and older driver-involved crashes are on the rise. Join us for a discussion on how aging affects our ability to drive and how to assess it; and learn what we can do as aging drivers, caregivers and organizations to address this growing concern.

## Join us!

**Tuesday, Oct. 31**  
**10:30 a.m. – Noon**

Ohio State Highway  
Patrol Academy  
Auditorium

740 E. 17th Ave.  
Columbus, OH 43211

**Wednesday, Nov. 1**  
**10:30 a.m. – Noon**

Dayton Metro Library  
Main Library,  
Eichelberger Forum

215 E. Third St.  
Dayton OH 45402

**10:30 a.m. – Noon**

Lorain County  
Community College  
Spitzer Conference Center

1005 N. Abbe Rd.  
Elyria, OH 44035

## About Our Speaker

National senior mobility expert Elin Schold Davis is a licensed occupational therapist and certified driving rehabilitation specialist.

She leads the American Occupational Therapy Association’s (AOTA) Older Driver Initiative, that works with occupational therapy programs and their stakeholders to serve senior drivers and their caregivers. Through this work they assess the risks and develop strategies to help individuals remain independent and mobile for as long as it is safe to do so.

In addition, Schold Davis manages senior mobility projects funded by the National Highway Traffic Safety Administration, and is AOTA’s administrator of the CarFit collaboration with AAA and AARP.

## TZD Safety Network

The Toward Zero Deaths Safety Network meetings are an opportunity to build relationships between the various disciplines involved in traffic safety and health care; foster professional development by featuring nationally recognized speakers on topics related to traffic safety; and recognize outstanding work by safety professionals across Ohio.

For more information, contact:  
**Michelle May**  
**614.644.8309**  
[michelle.may@dot.ohio.gov](mailto:michelle.may@dot.ohio.gov)

Ms. Schold Davis’ presentation will be followed by an awards ceremony for The Safetys. These regional collaboration awards will be given to a group of outstanding safety professionals working on strategies to reduce deaths and serious injuries across Ohio. An Award will be presented at each meeting.
