

CY2023 Recommended Carbon Reduction (CR) Projects

Project Sponsor	Project Name	Project Location	Project Description	Total Project Cost	Federal Funds Requested	Federal Funds Recommd.
City of Beavercreek	Grange Hall Road Sidewalk	Grange hall Road from Rockfield Drive to SR 835.	Construct an 8' wide sidewalk along the west side of the roadway. The project will also include curb and storm sewer improvements as well as construction of a pedestrian bridge over the Little Beaver Creek.	\$1,035,000	\$748,000	\$748,000
City of Beavercreek	Spring House Park Multiuse Trail	Grange Hall Road from north of Kensington Glen to Rockfield Drive.	Construct an 8' wide sidewalk along the west side of the roadway from the end of the existing walk to the northwest corner of the Grange Hall Road/Shakertown Road intersection. From Shakertown Road to Rockfield Drive, a 12' wide multiuse path will be constructed along the east side of Spring House Park. The project will also include curb and storm sewer improvements.	\$788,000	\$554,400	\$554,400
City of Dayton	West Third Street Cycle Track, Phase 2	West Third Street from Broadway Street to James H. McGee Boulevard.	Reduce the traffic lanes from 5 substandard lanes to 3 lanes with a separated two-way cycle track.	\$1,028,200	\$749,078	\$749,078
City of Kettering	Far Hills Street Lighting Improvements	Far Hills Avenue from Stroop Road to Dorothy Lane.	Replace the existing street lighting system with a new, energy-efficient, street lighting system.	\$1,101,275	\$630,765	\$630,765
City of Kettering	Founders Drive Sidewalk	Founders Drive from Research Boulevard to 1,925' northeast.	Construction of a 5' wide sidewalk that will meet with an existing sidewalk that connects to College Drive and Spaulding Road.	\$444,857	\$239,914	\$239,914
City of Springboro	Central Greenway Bike Path	From the west side of Twin Creek near Victory Drive, across Twin Creek to Community Park's recently completed bicycle pump tracks, DK Bike Park.	Construction of a portion of the Central Greenway multi-use path.	\$1,052,349	\$720,223	\$720,223
City of Troy	Troy Downtown Riverfront Recreational Trail	Descending the right bank of the Great Miami River from Treasure Island to the existing Troy low-head dam.	Construction of 5,387' of a 11' wide paved multi-use trail. This project will also include the construction of an access point at the top of the levee and lighting and signage along the multi-use trail. This project also includes acquiring 1,000 square feet of private property that extends from an existing alley to connect the trial to E. Water St.	\$1,145,000	\$750,000	\$750,000

Total Combined Project Costs for Recommended CR Projects: \$6,594,681

Total CR Funds Recommended: \$4,392,380
