Mr. Arnold referred to the 19th amendment to the SFY 2021-2024 TIP and the numerous project changes made by MVRPC and ODOT. He referred to the packet showing the tables broken down by county, as well as the statewide line item project tables. Mr. Arnold stated that staff recommends forwarding Amendment #19 to the SFY 2021-SFY 2024 Transportation Improvement Program to the Board of Directors.

Mr. Bales made a motion to recommend forwarding to the Board of Directors for adoption. Ms. Goff seconded the motion. The motion passed unanimously.

B. Recommended Adoption of Resolution Supporting the Infrastructure Investment and Jobs Act Performance Management Targets

Ms. Ramirez provided information about the Infrastructure Investment and Jobs Act (IIJA) performance management targets. She explained that the performance management approach was first specified in the Moving Ahead for Progress in the 21st Century Act (MAP-21) and requires state DOTs, transit agencies, and MPOs to establish performance and outcome-based programs in several national priority areas. The MPO deadline for adopting targets for the second performance period (2022-2026) regarding pavement, bridges, travel time reliability, freight travel time reliability, CMAQ emission reductions, peak hour excessive delay, and non-single occupancy travel is August 19, 2022. She then said that MVRPC has decided to support the State's targets for all applicable measures and referred to the table in Exhibit 1: Summary of Pavement, Bridge, Reliability, CMAQ, Peak Hour Delay, and Non-SOV Performance Measures. Lastly, Ms. Ramirez stated that staff recommends forwarding the resolution to support the IIJA performance management targets as established by ODOT to the Board of Directors for adoption.

Mr. Norton made a motion to recommend forwarding the resolution to the Board of Directors for adoption. Ms. Goff seconded the motion. The motion passed unanimously.

RESOLUTION 23-001 AMENDING THE SFY2021-SFY2024 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County; and

WHEREAS, the MVRPC's Board of Directors serves as the policy and decision making body through which local governments guide the MPO's transportation planning process for the Dayton Metropolitan Area; and

WHEREAS, all Federally funded transit and highway improvements within Greene, Miami and Montgomery County must be included in the region's Transportation Improvement Program (TIP) prior to the expenditure of Federal funds; and

WHEREAS, the SFY2021-SFY2024 Transportation Improvement Program was adopted on May 7, 2020; and

WHEREAS, MVRPC, ODOT and GDRTA have made numerous modifications to the programming documents for various projects resulting in the need for a SFY2021-SFY2024 TIP amendment; and

WHEREAS, the proposed amendment is consistent with the Region's long-range transportation plan; and

WHEREAS, this TIP amendment will not affect the regional air quality emission analysis of the SFY2021-SFY2024 TIP; and

WHEREAS, the MVRPC Public Participation Policy for Transportation Planning process allows for minor TIP amendments such as this to occur without separate public involvement meetings; and

WHEREAS, this amendment will result in a TIP that is in reasonable fiscal constraint

NOW THEREFORE BE IT RESOLVED, that the Board of Directors of the Miami Valley Regional Planning Commission hereby adopts **Amendment #20** to the <u>SFY2021-SFY2024 Transportation</u> Improvement Program as shown on the attached TIP Tables.

BY ACTION OF THE Miami Valley Regional Planning Commission's Board of Directors.

Board of Directors of the
Miami Valley Regional Planning Commission

Changes to MVRPC's Funding Policies and Procedures Fact Sheet

The current transportation bill, the Infrastructure Investment and Jobs Act (IIJA) also known as the Bipartisan Infrastructure Law (BIL), was signed into law in 2021. As a result of program and funding changes from the previous bill, MVRPC staff has determined that significant changes to the STP/CMAQ/TA Program Policies and Procedures are necessary. The proposed changes are outlined below and will be incorporated into an updated policy and adopted at the August/September meeting cycle.

1. The IIJA includes a new sub-allocated funding source, the <u>Carbon Reduction (CR) Program</u> to invest in projects that support a reduction in transportation emissions (defined as carbon dioxide emissions from on-road sources). Eligible projects include alternative fuel infrastructure, public transportation improvements, bicycle and pedestrian facilities, and energy efficient street lighting and traffic control equipment, among other viable carbon reduction projects. Complete eligibility guidelines can be found at https://www.fhwa.dot.gov/environment/sustainability/energy/policy/crp_guidance.pdf

<u>Electric vehicle charging program:</u> Staff is proposing to reserve \$1.5 million from this program for a regional project to purchase and install electric vehicle chargers for interested member jurisdictions with MVRPC acting as the Lead Agency.

- 2. Resurfacing Set-Aside: Staff proposes setting aside \$6,000,000 of the available STP funding for resurfacing projects. This is not a set aside for simple resurfacing funds in early SFYs as has been done in the past and these funds are not subject to the simple resurfacing program limits such as limiting the scope of work to resurfacing items only. This funding will be available in the same timeframe as the rest of the STP funding (SFY2026-2028) and priority will be given to locally controlled NHS arterials with poor PCRs. (see attached map)
- 3. Staff proposes raising the maximum amount of TA (and CR) funds available per project to \$1,000,000 (for construction only) for the upcoming CY 2022 project solicitation. After this solicitation, this amount will be reduced to \$400,000 per project. Both the TA and CR programs have early capacity starting in SFY 2024.
- 4. Application Limits per Member Jurisdiction/Agency

STP applications 2 including resurfacing

TA or CR applications 4 combined CMAQ applications No limit

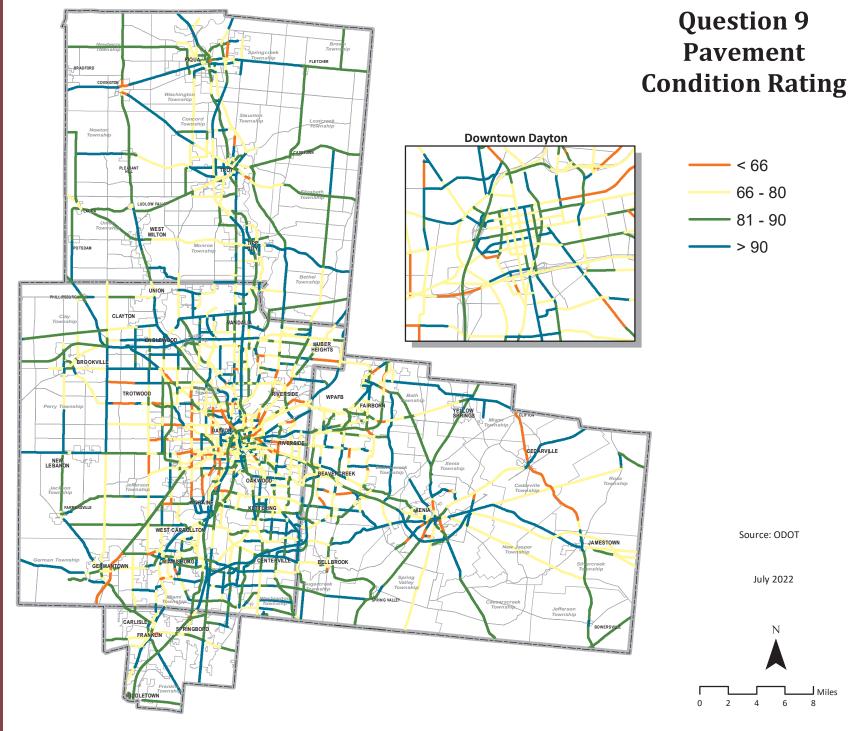

5. Estimated Funding Available (estimated funds are subject to change)

Program	Total Funding Available (million)	Funding Years
STP	\$21.0	SFY 2026-SFY 2028
CMAQ	\$25.5	SFY 2027-SFY 2029
TA	\$4.0	SFY 2024-SFY 2028
CR*	\$10.5	SFY 2024-SFY 2028

^{*}Not including Electric Charging Program

Staff will make refinements to the program based on your input. Please send your comments to Mr. Paul Arnold at parnold@mvrpc.org or 937-223-6323 by August 5. Presentations will be made and discussions received during the July 21, 2022 Technical Advisory Committee and August 4, 2022 Board of Directors meetings.

GRANTS AND GOVERNMENT FUNDING

How to get the money you need to achieve your community's goals.

You are cordially invited to attend, "Grants and Government Funding: How to get the money you need to achieve your community's goals," a complimentary workshop focused on emerging Federal funding opportunities for local governments and agencies (including BIL, ARPA, and others), how you can best take advantage of these new opportunities, and, of course, delicious breakfast confections. Hosted by the Miami Valley Regional Planning Commission, the Dayton Development Coalition and Woolpert, this event will feature an informational workshop, breakout sessions and time for networking and Q&A.

During our workshop, we'll explore:

- · Current Federal funding opportunities
- Application processes and timelines
- Tips for success
