#### I. INTRODUCTION

Vice-chair Gruner called the meeting to order. Self-introductions were made.

#### II. APPROVAL OF NOVEMBER 16, 2017 MEETING MINUTES

Mr. Amrhein made a motion to approve minutes. Mr. Taylor seconded. The motion passed unanimously.

#### III. Public Comment Period on Action Items

None

#### IV. MPO (METROPOLITAN PLANNING ORGANIZATION) ACTION ITEMS

### A. Recommended Adoption of Amendment to MVRPC's SFY2018-2021Transportation Improvement Program (TIP)

Mr. Arnold referred to a memo on page 4 of the mailout explaining that numerous modifications to the programming documents for various projects has resulted in the need for a TIP amendment. He referred to the project tables for each county, as well as the statewide line item projects.

Mr. Arnold stated that staff does recommend adoption of this TIP amendment, and referred to a resolution on page 21 of the mailout. Mr. Taylor made a motion to recommend adoption. Ms. Scarff seconded the motion. The motion passed unanimously.

# B. Recommended Approval of FY2019 Transportation and Government Services Priority Development and Advocacy Committee (PDAC) Projects.

Mr. Daniel referred to a memo on page 22 of the mailout explaining how MVRPC is working with the Dayton Regional Priority Development and Advocacy Committee (PDAC) to identify projects that may be eligible for funding. He explained that MVRPC is the lead agency for both Transportation and Government Services Projects. Mr. Daniel reviewed six Transportation project applications, requesting \$12.4 million dollars (Exhibit 2), and four Government Services project applications, requesting \$1.4 million dollars (Exhibit 4) and referred to a handout that provided updated information from the PDAC Review Panel meeting held on Tuesday, January 16<sup>th</sup>. MVRPC staff as well as the review panel recommends these projects be submitted to the Dayton Regional Priority Development and Advocacy Committee. He stated that staff recommends approval of the resolution on page 29 and to forward this recommendation to the Board for approval. Mr. Steeber made a motion to approve. Mr. Conway seconded the motion. The motion passed unanimously.

#### V. INFORMATION ITEMS

#### A. Long Range Planning 2050 Socio-economic Forecast

Mr. Uhlhorn presented an overview of the 2050 socioeconomic projections for the region. This included projections for population, households, and employment. Employment totals were further broken down by industry. The data was presented at the regional, county, and transportation analysis zone levels. Mr. Uhlhorn discussed how national economic trends, such as the increase in online retail, affect the regional outlook, as well as intraregional patterns of development. He explained that the data is used for travel demand modeling for project evaluation for the region's Long Range Transportation Plan. The data is also available for member jurisdictions and other agencies to use for their own purposes.

#### B. Air Quality Awareness/RIDESHARE Program Update

Ms. Loges provided an update on the Air Quality Awareness and RIDESHARE Programs. She explained how MVRPC coordinates with the Regional Air Pollution Control Agency (RAPCA) to make the public aware that their actions impact the region's air quality. Ms. Loges shared a list of suggested action that will reduce air pollution. She reviewed the benefits of incorporating alternative transportation options. Ms. Loges provided details on the RIDESHARE Program, which is available for free to anyone who works or attends college in Montgomery, Greene, Miami, Darke, Preble or Clinton Counties. She reviewed the program which uses a new matching software called "Gohio Commute" that helps link applicants to others who live, work, or attend college near them and want to commute together. Ms. Loges provided information on the vanpool program which is available for rent on a month-to-month basis for groups of 5-15 passengers traveling to a worksite destination.

She stated that the vanpool provider is Enterprise and MVRPC received CMAQ funds to provide a subsidy to a vanpool traveling at least 25 miles, one-way into one of our counties that we cover. There is also an option for those who want to commute together by bike. Ms. Loges stated that MVRPC has partnered with GDRTA and Five Rivers MetroParks on outreach and advertising efforts through a program called Drive Less Live More. The program encourages residents to use transportation alternatives such as biking, walking, carpooling and transit. She reviewed incentive programs to bike or carpool to special events held at the Fraze, Dayton Dragons and Stubbs Park that are part of DLLM. Ms. Loges stated that research has indicated most people learned about the RIDESHARE program through road signs, television ads, radio ads, billboards, movie theater ads, bus ads and newspaper.

#### VI. EXECUTIVE DIRECTOR'S REPORT

Mr. Martin referred to his January report on page 30 of the mailout. He thanked staff for both of the informative presentations. He shared a list of Board Members that would be retiring and not returning in 2018. His report also provided grant and funding information as well as a list of upcoming meetings. He also introduced LeeAnn Treffinger, a new intern from the University of Cincinnati and Aaron Evans, the new planner working with the Greater Region Transit Coordination Program. Mr. Martin noted that that new project solicitation for STP and TA will be coming in the next few weeks. He thanked Kettering, Montgomery County and Beavercreek for providing a list of bridge projects that was recently requested by Senator Sherrod Brown's office about a bridge funding program.

#### VII. ADJOURNMENT

Mr. Taylor made a motion to adjourn. Mr. Moorman seconded the motion. The motion passed unanimously.

#### **MEMORANDUM**

To: Technical Advisory Committee, Board of Directors

From: **MVRPC Staff** 

Date: February 8, 2018

Subject: SFY2018-SFY2021 Transportation Improvement Program (TIP) Amendment #6

Over the last few months MVRPC, ODOT and GDRTA have made numerous modifications to the programming documents for various projects resulting in the need for an SFY2018-SFY2021 TIP amendment. The attached TIP Tables 4.1, 4.3 and 5.3 reflect the updated information for each specific project. Modifications to Statewide Line Item projects are shown on Table 4.6 and are provided for information only. A TIP terminology explanation chart of key abbreviations used in the highway/bikeway tables precedes Table 4.1. A resolution adopting the proposed TIP amendment is attached for your review and consideration.

These TIP amendments will not affect the regional air quality emission analysis.

The MVRPC staff recommends your approval.

#### Attachments:

- (1) TIP Abbreviation Table
- (2) Amended MVRPC TIP tables: 4.1, 4.3 and 5.3.
- (3) Statewide Line Item Project table 4.6 (For information only)
- (4) Resolution Adopting Amendments to the SFY2018-2021 TIP

#### EXPLANATION OF ABBREVIATIONS USED IN TABLES 4.1 - 4.8

#### Project I.D. #

First Three Characters

000 = Unique Project Number

Decimal Character = Subtype (as described below)

- .1 = New Construction
- .2 = Reconstruction
- .3 = Resurface
- .4 = Safety Improvement
- .5 = Bridge Replacement/Rehabilitation
- .6 = Signal Improvement
- .7 = Bikeway/Pedestrian Improvement
- .8 = Other Improvements

#### PID#

**ODOT** "Project Identification Number"

#### **Air Quality Status**

Identifies projects which were included in the LRTP air quality conformity analysis

Upper Row = Project is Exempt or was Analyzed

Lower Row = Build Year Scenario (2020, 2030 or 2040)

#### Phase of Work

ENG -Environmental and Contract Plan Preparation

ROW -Right-of-Way Acquisition

CON -Construction

SPR -Federal State Planning and Research

#### **LRTP Goal**

- G1 -Address regional transp. needs through improved planning
- G2-1 –Encourage a stronger multi-modal network in the Region
- G2-2 Maintain the regional transportation system
- G2-3 –Upgrade the regional transportation system
- G2-4 –Incorporate regional land use strategies
- G3 -Enhance attractiveness for future economic development
- G4 -Encourage pursuit of alternative fuels to reduce emissions

# RESOLUTION AMENDING THE SFY2018-SFY2021 TRANSPORTATION IMPROVEMENT PROGRAM

**WHEREAS**, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County; and

**WHEREAS**, the MVRPC's Board of Directors serves as the policy and decision making body through which local governments guide the MPO's transportation planning process for the Dayton Metropolitan Area; and

**WHEREAS**, all Federally funded transit and highway improvements within Greene, Miami and Montgomery County must be included in the region's Transportation Improvement Program (TIP) prior to the expenditure of Federal funds; and

**WHEREAS**, the SFY2018-SFY2021 Transportation Improvement Program was adopted on May 4, 2017; and

WHEREAS, MVRPC, ODOT and GDRTA have made numerous modifications to the programming documents for various projects resulting in the need for a SFY2018-SFY2021 TIP amendment; and

**WHEREAS**, the proposed amendment is consistent with the Region's long-range transportation plan; and

**WHEREAS**, this TIP amendment will not affect the regional air quality emission analysis of the SFY2018-SFY2021 TIP; and

**WHEREAS**, the MVRPC Public Participation Policy for Transportation Planning process allows for minor TIP amendments such as this to occur without separate public involvement meetings; and

WHEREAS, this amendment will result in a TIP that is in reasonable fiscal constraint

**NOW THEREFORE BE IT RESOLVED**, that the Board of Directors of the Miami Valley Regional Planning Commission hereby adopts **Amendment #6** to the <u>SFY2018-SFY2021 Transportation Improvement Program</u> as shown on the attached TIP Tables.

BY ACTION OF THE Miami Valley Regional Planning Commission's Board of Directors.

#### **MEMORANDUM**

To: Technical Advisory Committee, Board of Directors

From: MVRPC Staff

Date: February 6, 2018

Subject: Recommendation for MVRPC Regionally Controlled STP and TA funds

The attached tables show the recommended Surface Transportation Program (STP) and Transportation Alternatives (TA) projects for funding with MVRPC's regionally controlled funds. The first table lists projects recommended for funding with STP funds. The second table lists projects recommended for funding with TA funds. The final table shows projects which we are unable to fund at this time.

Upon Board approval, project sponsors will be notified and then asked to meet with MVRPC staff and ODOT District Office staff to determine a detailed project scope and an anticipated project development schedule. Based upon this determination, a final funding year will be recommended for official incorporation into the MVRPC TIP.

#### RESOLUTION APPROVING THE RECOMMENDED LIST OF **CY2017 STP and TA PROJECTS**

WHEREAS, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County; and

WHEREAS, the MVRPC Board serves as the policy and decision making body through which local governments guide the MPO's transportation planning process for the Dayton Metropolitan Area; and

WHEREAS, all Federally funded transit and highway improvements within Greene, Miami and Montgomery County must be included in the region's Transportation Improvement Program (TIP) prior to the expenditure of Federal funds; and

WHEREAS, the Miami Valley Regional Planning Commission has solicited for projects for the STP and TA funding programs; and

WHEREAS, the Miami Valley Regional Planning Commission has developed a recommended list of projects and requests Board approval to fund the list of STP and TA projects.

NOW THEREFORE BE IT RESOLVED, that the Miami Valley Regional Planning Commission's Board of Directors hereby approves the recommended list of STP and TA projects for funding as shown on the attached tables.

BY ACTION OF THE Miami Valley Regional Planning Commission's Board of Directors.

# EXECUTIVE DIRECTOR'S UPDATE

From Brian O. Martin, AICP mvrpc.org

### **February 1, 2018**

### TRAC Approves Funding for Montgomery and Greene US 35 Projects

We are pleased to report that the Miami Valley's anticipated funds from the Transportation Review Advisory Council (TRAC), for the US 35 corridor, were approved on January 24, 2018. With great teamwork and innovation among MVRPC, the ODOT District, Central Office, and Greater Dayton

Chamber, the Montgomery County US 35 widening is slated to start during state Fiscal Year 2021, possibly as early as July 2020, the start of the fiscal year. TRAC approved \$8.7M toward the widening, which will be combined with MVRPC's \$2.9M and \$2.4M from the ODOT District 7 annual budget. Approved in 2017, TRAC reaffirmed the Tier 1 status and \$2.7M in funding for the Greene County US 35 Superstreet project. These new funds combined with \$1.5M from Greene Co., Beavercreek, and Beavercreek Township, \$3M from MVRPC, and \$6M from other state sources for a total project award of \$13.2 M. This project will convert the

Factory and Orchard intersections into a Superstreet design: right turn only intersections from the side streets onto US 35 and the addition of signal controlled "U" turns through the median to accommodate the other directional movements.

TRAC also included \$2M for the Valley-Trebein Intersection with US 35 as a Tier III project evenly split between design and purchase of right of way for the new improvement. The currently signalized intersection is located east of the proposed Superstreet improvement. With the future traffic forecasts, the Superstreet improvement, and the surrounding development potential, it is important to continue development of this project. We will track these projects and provide updates as they progress.

### **MVRPC Launches Greater Region Transit Coordination Program**

A shortage of transit funding and duplicative transportation programs funded through dozens of federal and state agencies has led ODOT to plan for the creation of brokerages and coordinated transportation systems. The initial step in determining the feasibility for such a vision is the creation of a regional coordination plan.

Beginning in January, MVRPC started working with ODOT on the Greater Region Transit Coordination Program. MVRPC was awarded an ODOT grant to develop a coordination plan for a nine county Greater Region. A pilot coordinated planning program in eastern Ohio was also funded. The Greater Region includes counties that don't usually benefit from MVRPC services.

In addition to the MPO counties (Montgomery, Greene, and Miami Counties), current MVRPC member Preble County is included in the Greater Region Transit Coordination planning process.

Other counties include former MVRPC member Darke County, nearby partner MPO Springfield-Clark County, and participants in Logan, Champaign, and Shelby Counties will work with MVRPC on the plan.

We have chosen a new planner that is housed in the SS&TA department to lead this planning process. The SS&TA department, under the direction of Kim Lahman, will lead the charge. As the scope and outcomes of the coordination plan are developed, we will keep the MVRPC committees informed of our progress.

#### Governor Kasich Announces DriveOhio on January 18, 2018

With the stroke of a pen, Governor John R. Kasich created DriveOhio as the focus of Ohio's deployment of transportation technology. Autonomous vehicles, vehicle platoons, traveler information, and other

uses of technology in transportation will be researched, tested, and adopted by DriveOhio. According to their press release, DriveOhio will be housed within ODOT and its first Executive Director will be Mr. Jim Barna, Deputy Director. According to Mr. Barna, DriveOhio will be the state's leading transportation technology entity. As the technology is applied throughout Ohio, other region's will be able to include technology in their long range transportation plans and ultimately readied for funding just as road, bridge, and trail projects are today. DriveOhio has

the potential of being a unique public-private entity and research institute. We will be included in the planning process for envisioning Drive Ohio and the future of Ohio transportation system.

### **Grants & Funding Resources**

On a monthly basis, MVRPC highlights new funding opportunities on our website at <a href="https://www.mvrpc.org/grant-and-funding-opportunities">https://www.mvrpc.org/grant-and-funding-opportunities</a>. These grant and funding opportunities were found through our use of *Grantfinder* software. A description, contact information and program links are included on these new sources. In addition, the website includes other valuable resources for your funding pursuits. This month we are featuring information on:

- Ohio Department of Transportation Safe Routes to School (SRTS) Grant Deadline: March 5, 2018.
- U.S. Department of Housing and Urban Development (HUD) Hope VI Main Street Program Deadline: April 12, 2018 (Estimated).

If you need assistance with your grant pursuit or further research, please contact Martin Kim, Director of Regional Planning, at 937.223.6323 or <a href="mkim@mvrpc.org">mkim@mvrpc.org</a>.
